Dear Mr. Barry Jenner,

REGARDING: TESTIMONIAL FOR BARRY JENNER

I, Peter John Gill, have known Barry Jenner for a period of nearly ten years. During this time, Barry has been a mentor to me, a consultant for both the exit and entrance of positions in companies, and most importantly, a confidant in personal and professional matters.

In all my years of knowing Barry, I have had the utmost confidence that any matters discussed would be held by him in the strictest of confidence. To the best of my knowledge, he has never betrayed the trust of myself or of any of his extensive list of clientele. He is an individual of the highest integrity who can be relied on in any circumstance.

Barry has provided me with reliable advice in a variety of areas including matters relating to the sale of shareholdings, exit from positions of directorship, and more recently, advice regarding my new position as Managing Director of Donald Cant Watts Corke Infrastructure. With his extensive professional network, Barry has always been able to provide the appropriate contact when required.

I have no hesitation in providing this endorsement of Barry Jenner as a Management Consultant, a Mentor, and most importantly, a Confidant for professional and personal matters.

Yours Faithfully,

Peter Gill
