### Testimonial

I confirm that I have dealt with Barry Jenner from MSA Consulting for some years, during which time he has provided my business with excellent support in strategic planning.

Barry's work impressed me on multiple levels. He has an exceptional ability to positively transform vision and direction and to bring fresh ideas to our business for consideration.

I cannot overstate the value of Barry's input. A very powerful process which has helped our business differentiate us from others in the same industry. His work has been a major factor in our success.

He is valuable to my future business and, just as importantly, allows me to continuously improve upon the level of service I provide.

I can strongly recommend Barry for his creative and unique style.
